An ultimate dialogue for a consensual agreement remains ideal

N ap #Mache Pou Lavi (March for Life) takes note of the signing, on Saturday September 11, of the Accord of the de facto government led by Mr. Ariel Henry. This is a step forward in the search for a solution to the crisis, as non-signatories and dissidents of the National Memorandum of Understanding (PEN) adhere to it.

Henceforth, N ap #Mache Pou Lavi notes that there are: (i) the Resolution of the Senate designating its president, Joseph Lambert, as President of the transition; (ii) that of the National Memorandum of Understanding (PEN); (iii) that of August 30 of the Commission for the search for a Haitian solution to the crisis; (iv) the September 11th Agreement of the de facto government.

Without a global agreement, we will reach a new polarization and unrest that will slow down the legitimate transitional dynamic sought by all. The criminality and gang hegemony to which we are all exposed will escalate.

N ap #Mache Pou Lavi (Walk for Life) reiterates its call for the formation of the Inclusive Working Group (IWG) composed of: one (1) representative of the September 11 Agreement; one (1) representative of the August 30 Agreement; one (1) representative of PEN; one (1) representative of the remaining third of the Senate; one (1) representative of N ap #Mache Pou Lavi.

This proposal wants to promote the adoption of a formula that will allow each entity to have an honorable exit (TOUT MOUN SÒTI BÈL) for the well-being of the country, particularly that of the population, in the grip of poverty, insecurity, kidnapping, human rights violations... We are at a crossroads where each actor must prioritize the national interest.
